Disclosure Statement

In order to be an AlohaCare participating provider, all providers must pass:

• AlohaCare’s initial credentialing process: Providers must submit their information to AlohaCare.
• AlohaCare’s re-credentialing process: Providers are asked to review and update any information every three years.

Providers are required to notify AlohaCare of any changes as soon as possible.

There may be constraints because providers and hospitals supply their own data to AlohaCare. It is important you know what is verified, and what is not.
